Step 3 of 3: Add common pages

These ready-to-use pages could save some design time and can always be changed or deleted later in the design studio.

Contact Us

About Us
Thank you for visiting our website. We are dedicated to helping superheroes comply with the World Superhero Registration Act by providing a secure platform for them to register their secret identities. Our team is committed to maintaining the confidentiality and safety of all registered superheroes.

Contact Us
If you have any questions or need assistance, please feel free to contact our support team. We are available 24/7 to help you with any inquiries you may have. You can reach us by phone, email, or by filling out the contact form below.

Contact Form
Please fill out the form below and our team will get back to you as soon as possible.

FAQ

Frequently Asked Questions
Find answers to common questions about superhero registration and compliance with the World Superhero Registration Act.

How do I register my secret identity?
To register your secret identity, visit our website and click on the Register Now button. You will need to provide your superhero name, real name, and contact information.

What are the requirements for registration?
To register, you must be a superhero and comply with the World Superhero Registration Act. You will need to provide proof of your superhero abilities and agree to abide by the regulations set forth by the act.

Is my secret identity safe?
Yes, we take the privacy and security of your secret identity seriously. All information provided during the registration process is encrypted and stored securely.

What happens if I don't register?
If you choose not to register your secret identity, you will be in violation of the World Superhero Registration Act and may face legal consequences. It is important to comply with the act to ensure the safety and accountability of superheroes.

Terms and Conditions

Terms and Conditions
Welcome to the Superhero Registration website. By accessing or using this website, you agree to comply with and be bound by the following terms and conditions. Please read them carefully before using this website.

Registration Process
To register your secret identity, you must provide accurate and complete information about yourself. You must also agree to abide by the rules and regulations set forth by the World Superhero Registration Act. Failure to comply with these requirements may result in the revocation of your superhero status.

Privacy Policy
We take your privacy seriously. Any personal information you provide during the registration process will be kept confidential and will only be used for the purpose of verifying your superhero status. We will not disclose your identity to any third parties without your consent.

Disclaimer
The Superhero Registration website is provided on an "as is" basis. We make no representations or warranties of any kind, express or implied, regarding the accuracy, reliability, or availability of this website or the information contained herein.

Contact Us
If you have any questions or concerns about these terms and conditions, please contact us at registration@superheroes.com.

Privacy Policy

Privacy Policy
Welcome to the Superhero Registration website. This Privacy Policy explains how we collect, use, and disclose information about you when you use our website. By accessing or using our website, you consent to the collection, use, and disclosure of your information as described in this Privacy Policy.

Information We Collect
We collect information about you when you register as a superhero on our website. This information may include your name, email address, superhero name, and other details you provide.

How We Use Your Information
We use the information we collect to register your secret identity and ensure compliance with the World Superhero Registration Act. We may also use your information to communicate with you, provide customer support, and improve our services.

Information Sharing and Disclosure
We may share your information with government agencies and law enforcement authorities as required by the World Superhero Registration Act. We may also share your information with third-party service providers who help us operate our website and provide services to you.

Security
We take reasonable measures to protect your information from unauthorized access, use, or disclosure. However, no method of transmission over the internet or electronic storage is completely secure, and we cannot guarantee absolute security.

Changes to this Privacy Policy
We may update this Privacy Policy from time to time. We will notify you of any changes by posting the updated Privacy Policy on our website. You are advised to review this Privacy Policy periodically for any changes.

Make sure AI-generated content is accurate and appropriate before using it. [Learn More](#) [See terms](#) [Icons]

SharePoint Files

- Retrieve a list of documents the signed in user has access to
- Delegated Graph call
- Document links are directly to SharePoint
 - Any SharePoint or Rights Management permissions are applied
 - Read-only, view only (no download), co-author

Custom API – Azure AI Search

- Azure AI Search populated from Entra ID
- Augmented with additional user profile data
- API security trimmed
 - Show only members signed in user should see
- Render with Knockout

Secure Logic Apps

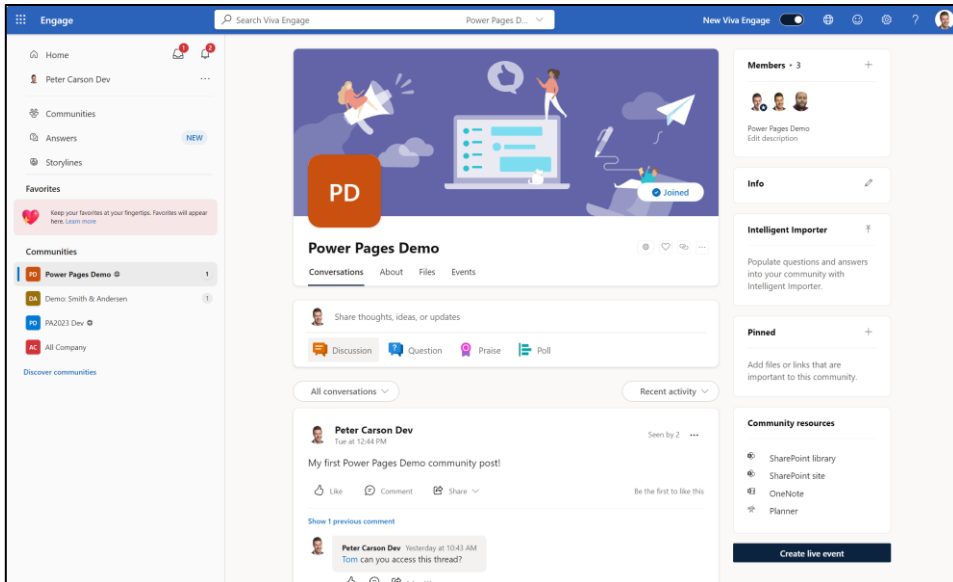

The screenshot shows a web browser window with the URL 'Extranet Portal'. The page title is 'Profile Full'. The user is identified as Peter Carson, President of Envision IT. The page contains several sections for profile management:

- Personal Information:** Fields for First name (Peter), Last name (Carson), Email (pcarson@envisionit.com), and Mobile Phone (555-555-5555).
- About Me:** A text area containing a bio: 'Peter is founder and President of Envision IT and Extranet User Manager, a Microsoft MBES Apps & Services MVP since 2011, and President of the Toronto SharePoint User Group. He has led his team at Envision IT in the use and deep customization of Microsoft 365, Azure, SharePoint, and AEM for over 20 years. He complements this with equally strong business skills coming from working with small to enterprise organizations in many verticals across private, public-sector, and not-for-profit spaces, giving him the ability to quickly understand both business and technical problems and develop solutions. He is well recognized as an expert in the Microsoft 365 and Azure communities, speaking regularly at user groups.'
- Address Information:** Fields for Address (with a location suggestion), Region (Ontario), Country (Canada), and Postal Code (L5N 2V7).
- Additional Information:** Fields for Job Title (President) and Company name (Envision IT).
- Social Profiles:** Fields for Company website URL (https://www.extranetusemanager.com) and Blog URL (https://blog.petercarson.ca).

On the right side, there is a 'On this page' sidebar with links to Profile Picture, Personal Information, Address Information, About Me, Additional Information, and Social Profiles. At the top right, there are navigation links for Home and Test Ride, along with search and user profile icons.

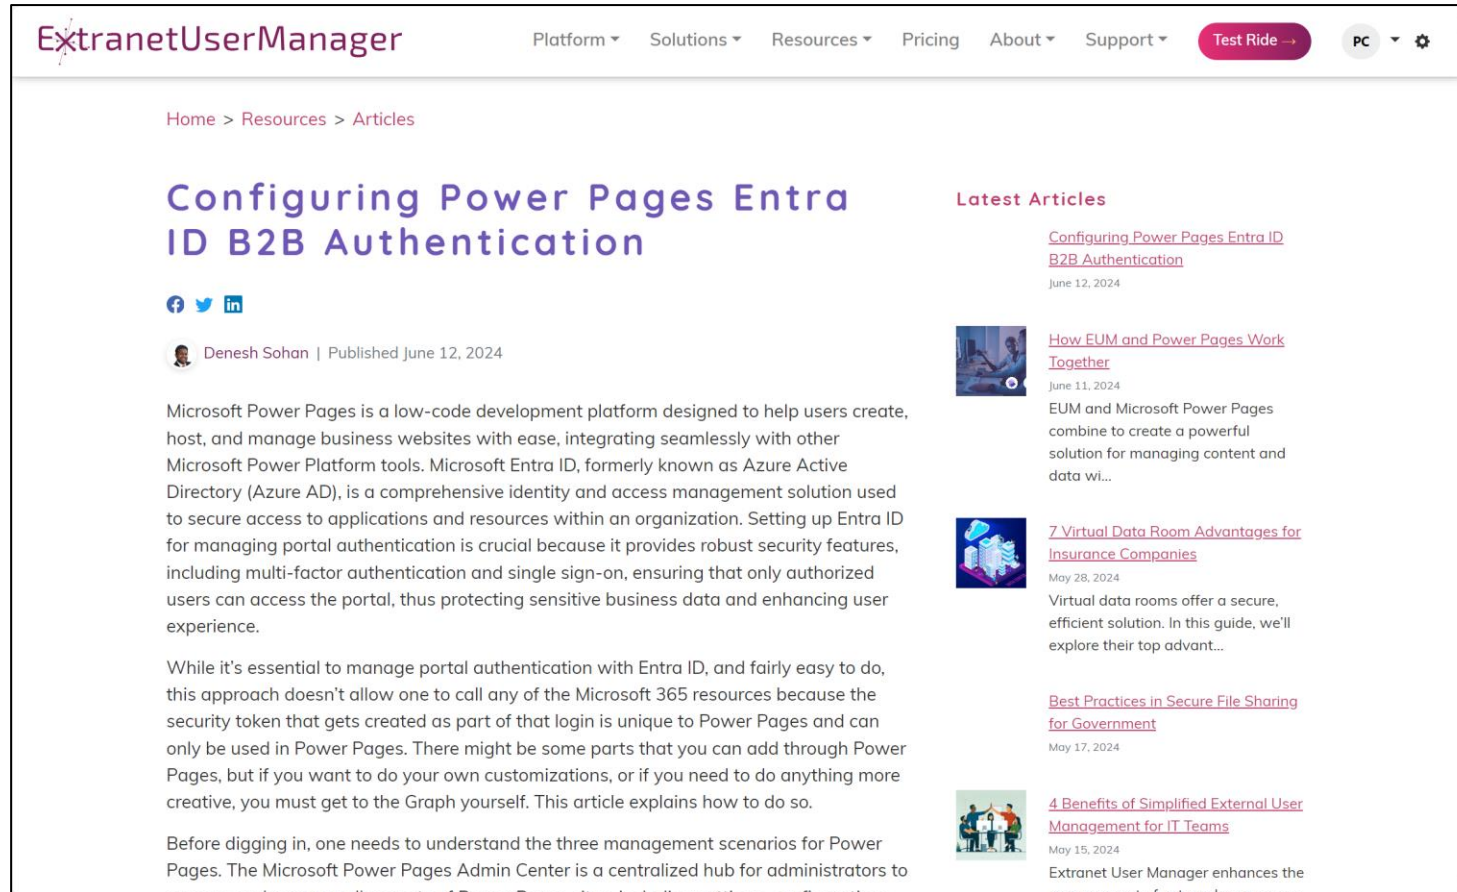

- Profile page for signed in user
- GET and POST Logic Apps to retrieve and update profile info
- Can update multiple systems
 - Dataverse
 - Entra ID
- Logic App requires bearer token from Entra ID to call
 - Secure validation of the signed in user

Viva Engage Communities

- B2B users can be added to Viva Engage communities
- Rich forum for discussions
- Embed component doesn't work for guest users
- WIP – Anonymous and Portal access
 - Crawl Viva Engage conversations into Azure AI Search
 - Expose on portal pages
 - Simple comment entry posts through Yammer API to Viva Engage

Configuration Steps Article

The screenshot shows the ExtranetUserManager website. The main article is titled "Configuring Power Pages Entra ID B2B Authentication" by Denesh Sohan, published on June 12, 2024. The article text discusses Microsoft Power Pages and Microsoft Entra ID. A sidebar on the right lists "Latest Articles" including "Configuring Power Pages Entra ID B2B Authentication", "How EUM and Power Pages Work Together", "7 Virtual Data Room Advantages for Insurance Companies", and "4 Benefits of Simplified External User Management for IT Teams".

Configuring Power Pages Entra ID B2B Authentication

Denesh Sohan | Published June 12, 2024

Microsoft Power Pages is a low-code development platform designed to help users create, host, and manage business websites with ease, integrating seamlessly with other Microsoft Power Platform tools. Microsoft Entra ID, formerly known as Azure Active Directory (Azure AD), is a comprehensive identity and access management solution used to secure access to applications and resources within an organization. Setting up Entra ID for managing portal authentication is crucial because it provides robust security features, including multi-factor authentication and single sign-on, ensuring that only authorized users can access the portal, thus protecting sensitive business data and enhancing user experience.

While it's essential to manage portal authentication with Entra ID, and fairly easy to do, this approach doesn't allow one to call any of the Microsoft 365 resources because the security token that gets created as part of that login is unique to Power Pages and can only be used in Power Pages. There might be some parts that you can add through Power Pages, but if you want to do your own customizations, or if you need to do anything more creative, you must get to the Graph yourself. This article explains how to do so.

Before digging in, one needs to understand the three management scenarios for Power Pages. The Microsoft Power Pages Admin Center is a centralized hub for administrators to
